

2021 - 2022

MOVEMENT COLLECTION

Epson's sprits come from the **World First Quartz Watch** that was launched in 1969. After launching it, Epson has developed a lot of world first products. Epson is always trying to create something new and always keeping one step ahead of the others.

Our movements are produced on automatic assembly lines to ensure high quality and high efficiency. We support our customers' ideal watchmaking with high quality movements.

Seiko Epson Corporation Shiojiri Plant

SUSTAINABLE COLLECTION

Save our planet & be thankful for the earth

HYBRID AUTOMATIC

- Combine the best features of an automatic and a quartz technology.

SOLAR SERIES

- Convert light power into electric power.
